Hi Abhishek,

Thanks for discussing this with me earlier. I know it wasn't an easy decision for you to make, but I know that this aligns with your career goals. The team will be sorry to see you go, but of course wish you well on your continued success in the industry.

To process the resignation request you'll need to go to [this page](#) in SuccessFactors and upload a copy of this email along with specifying your final day of work. Notice for a SC is 1 month. You can find a how-to guide detailing what fields need to be filled in etc [here](#).

Please let me know if there's anything that I can do to assist further.

Warm Regards,  
Brian

**Subject:** Resignation Letter

Hi Brian,

I am writing to formally resign from my position as Senior Technology Consultant at EY Ireland, effective from today 06/06/2024 and my last working day will be 04/07/2024.

This was not an easy decision to make, as I have enjoyed working at EY and am grateful for the opportunities I have had to grow both personally and professionally. However, after careful consideration, I have decided to pursue a new direction in my career.

I am committed to ensuring a smooth transition and will do everything possible to complete my current projects and train my replacement if needed. Please let me know how I can assist during this transition period.

Thank you for the support and guidance you have provided during my time at the company. I have greatly valued my experience here and have enjoyed working with such a dedicated team.

Kind Regards,
